Ukrainian Vibes - European Public Sphere

It's time to keep your eyes wide open and continue the journey across Europe with us!
The "European Public Sphere" initiative creates a public space for Europe's future issues. With its Europe Dome, a geodesic cupola, the initiative invites people with thoughts and ideas to converse with each other!
Since Europe doesn't end at the borders of the European Union, we are very happy that the European Public Sphere is finally traveling through Ukraine in its virtual "Ukrainian Vibes" tour in autumn 2021.

The Webinar

You're a dreamer with a heart that beats European? You're not the only one of course!
Join the Ukrainian Vibes – European Public Sphere Tour 2.0 and discuss with people from all over Europe! Together with you we want to collect visions and solutions for Europe's future in the crucial and urgent fields of democracy, sustainability and European integration with a special focus on Ukraine. In 3 sessions we offer you to choose between 3 breakout rooms with different subtopics, including one ukrainanspeaking breakout room per session. In each breakout room you can openly discuss the respective topic with the guidance of invited speakers. After our dialogues have come to an end in October, we will bring your ideas to the Conference on the Future of Europe and to European stakeholders.
